&ldquo;That&rsquo;s Newstastic!&rdquo;The Chronicle of Sad Truths and Happy Denial

<http://www.strategypage.com/htm/htintel/articles/20090629.aspx>

The US marines report that in their operations in Arab lands, "the main advantage of having a team of women along was the greater amount of intelligence collected," as they relate better to women and intimidate men. Valuable insight for gender issues and military policy, but can someone put that intellect toward a strategy where we are not having to deploy the marines whatsoever to the Middle East?
